

# Capsule Machine

Income solution for NFT projects

Introduction Sept 2022

# Problem of NFT projects

Not enough income from royalty

Avg. trading volume of NFT dropped by 90% from peak

Floor price is too high for average collectors

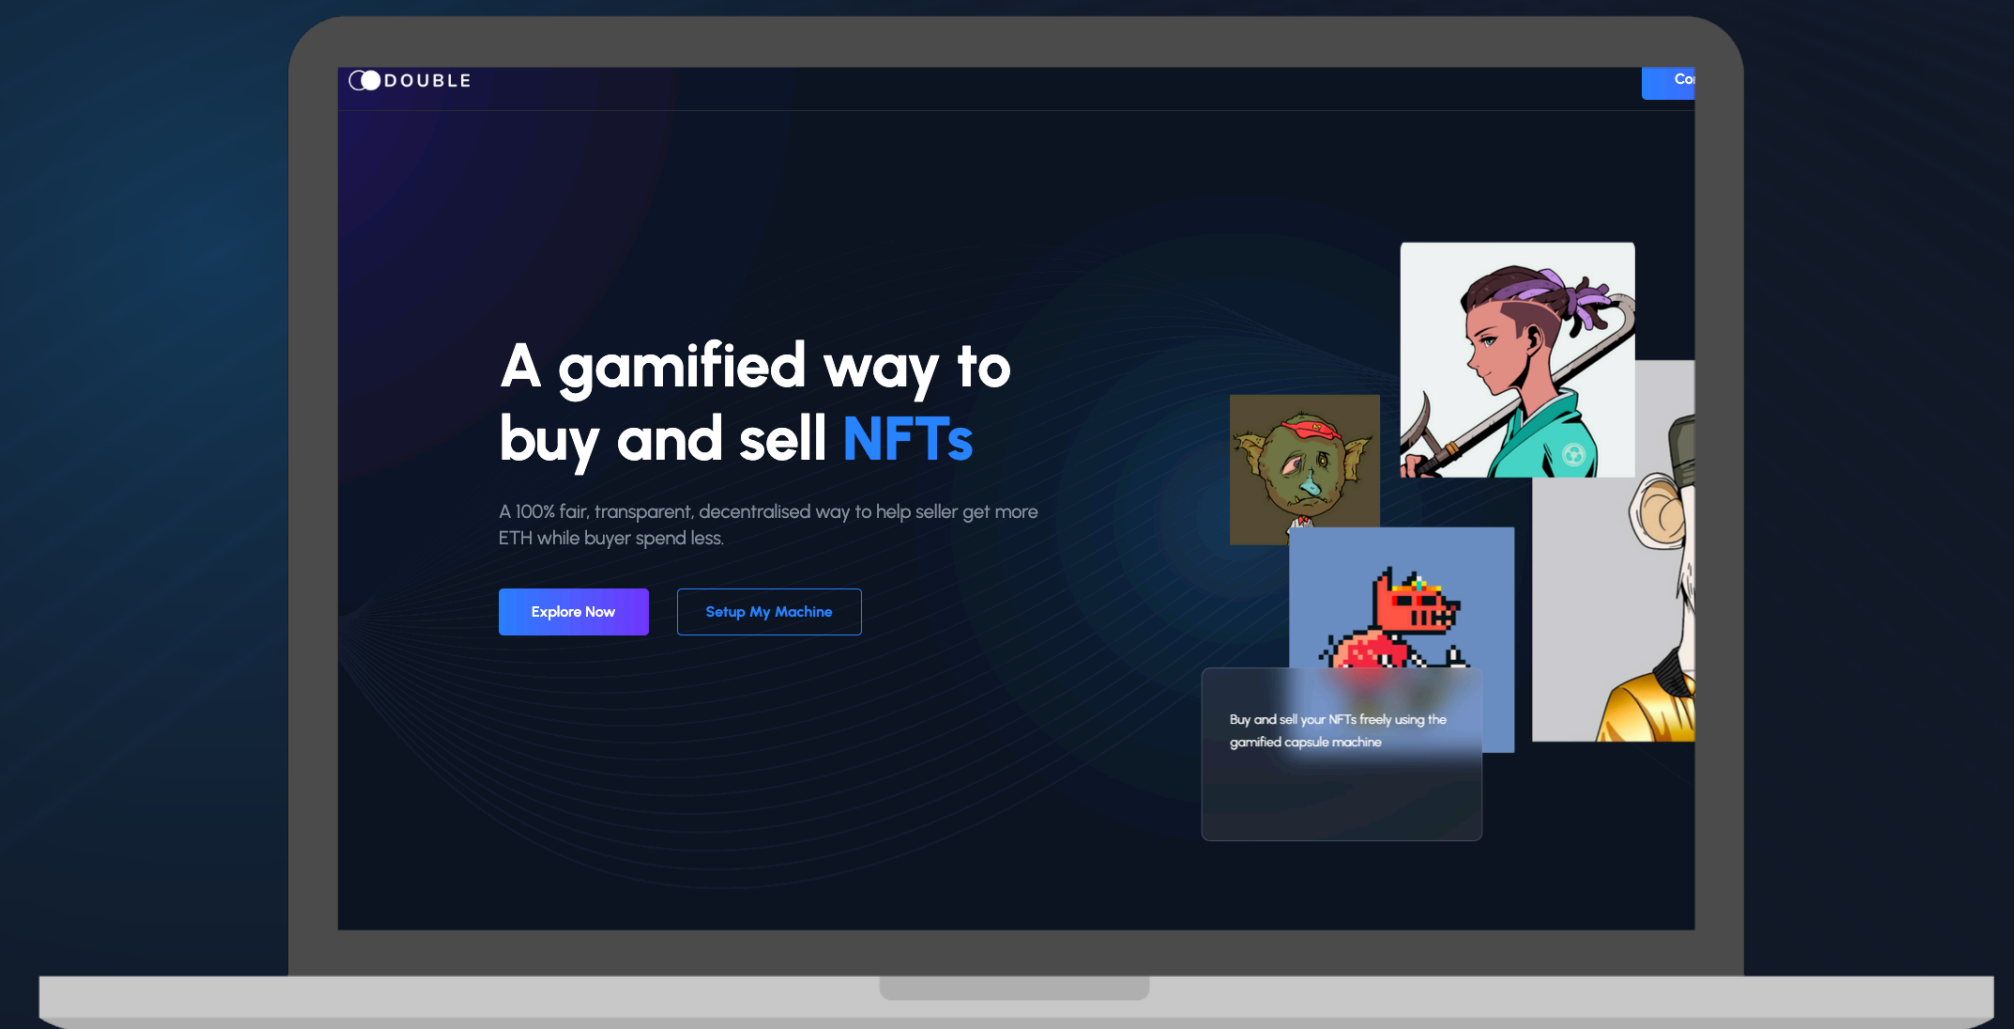

Difficult to have regular campaign with engagement

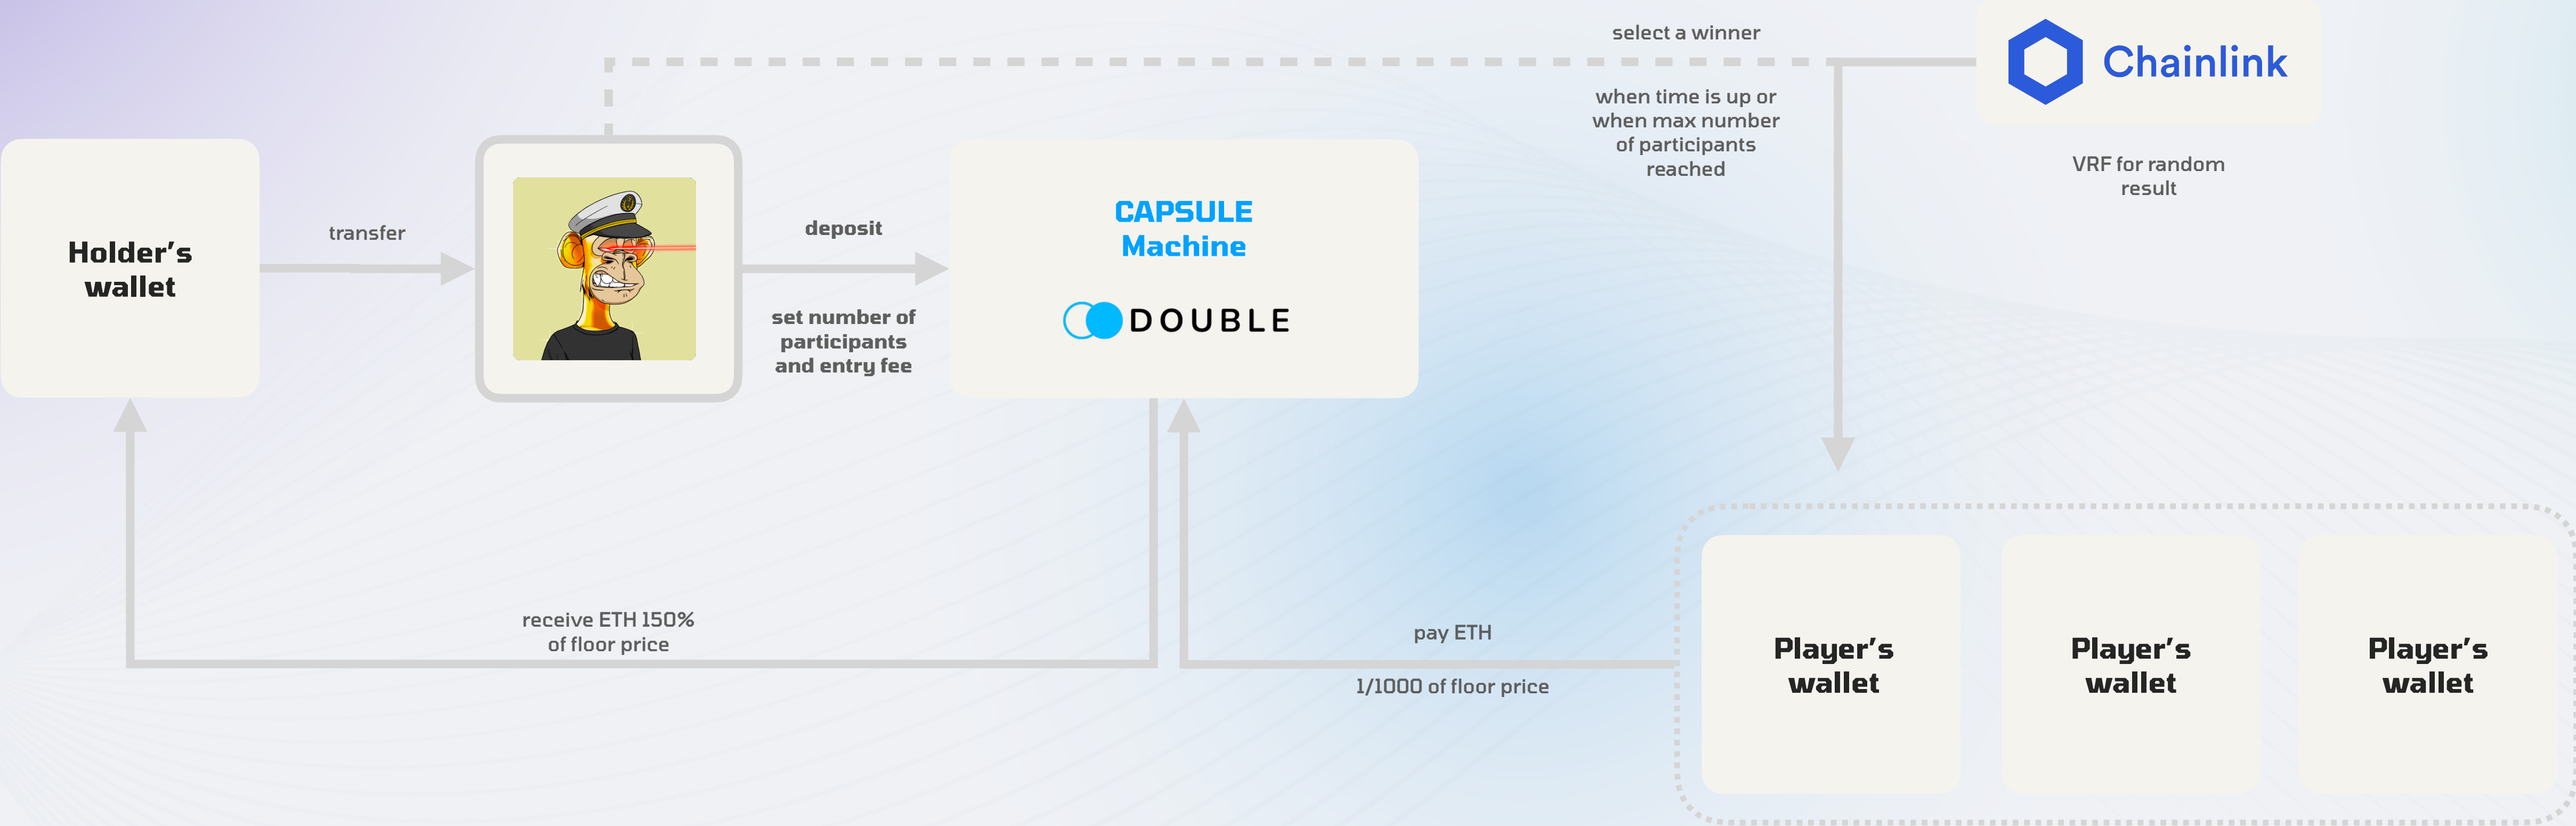

# Turn any NFT to a fully decentralized raffle game

## Capsule Machine

A new way to buy and sell NFT, it divides an NFT into many tickets and sell each ticket for a tiny amount of ETH, 1 winner will be selected from all buyers, it is fully decentralized and open for both buyers and sellers.

# DoubleWeb3 Solution - Capsule Machine

The NFT will be locked in the CAPSULE Machine smart contract. Player will have chance to win the locked NFT by paying the entry fee set by the host.

# DoubleWeb3 Solution - Capsule Machine

## Generate income

Lottery game is one of the most lucrative in the world

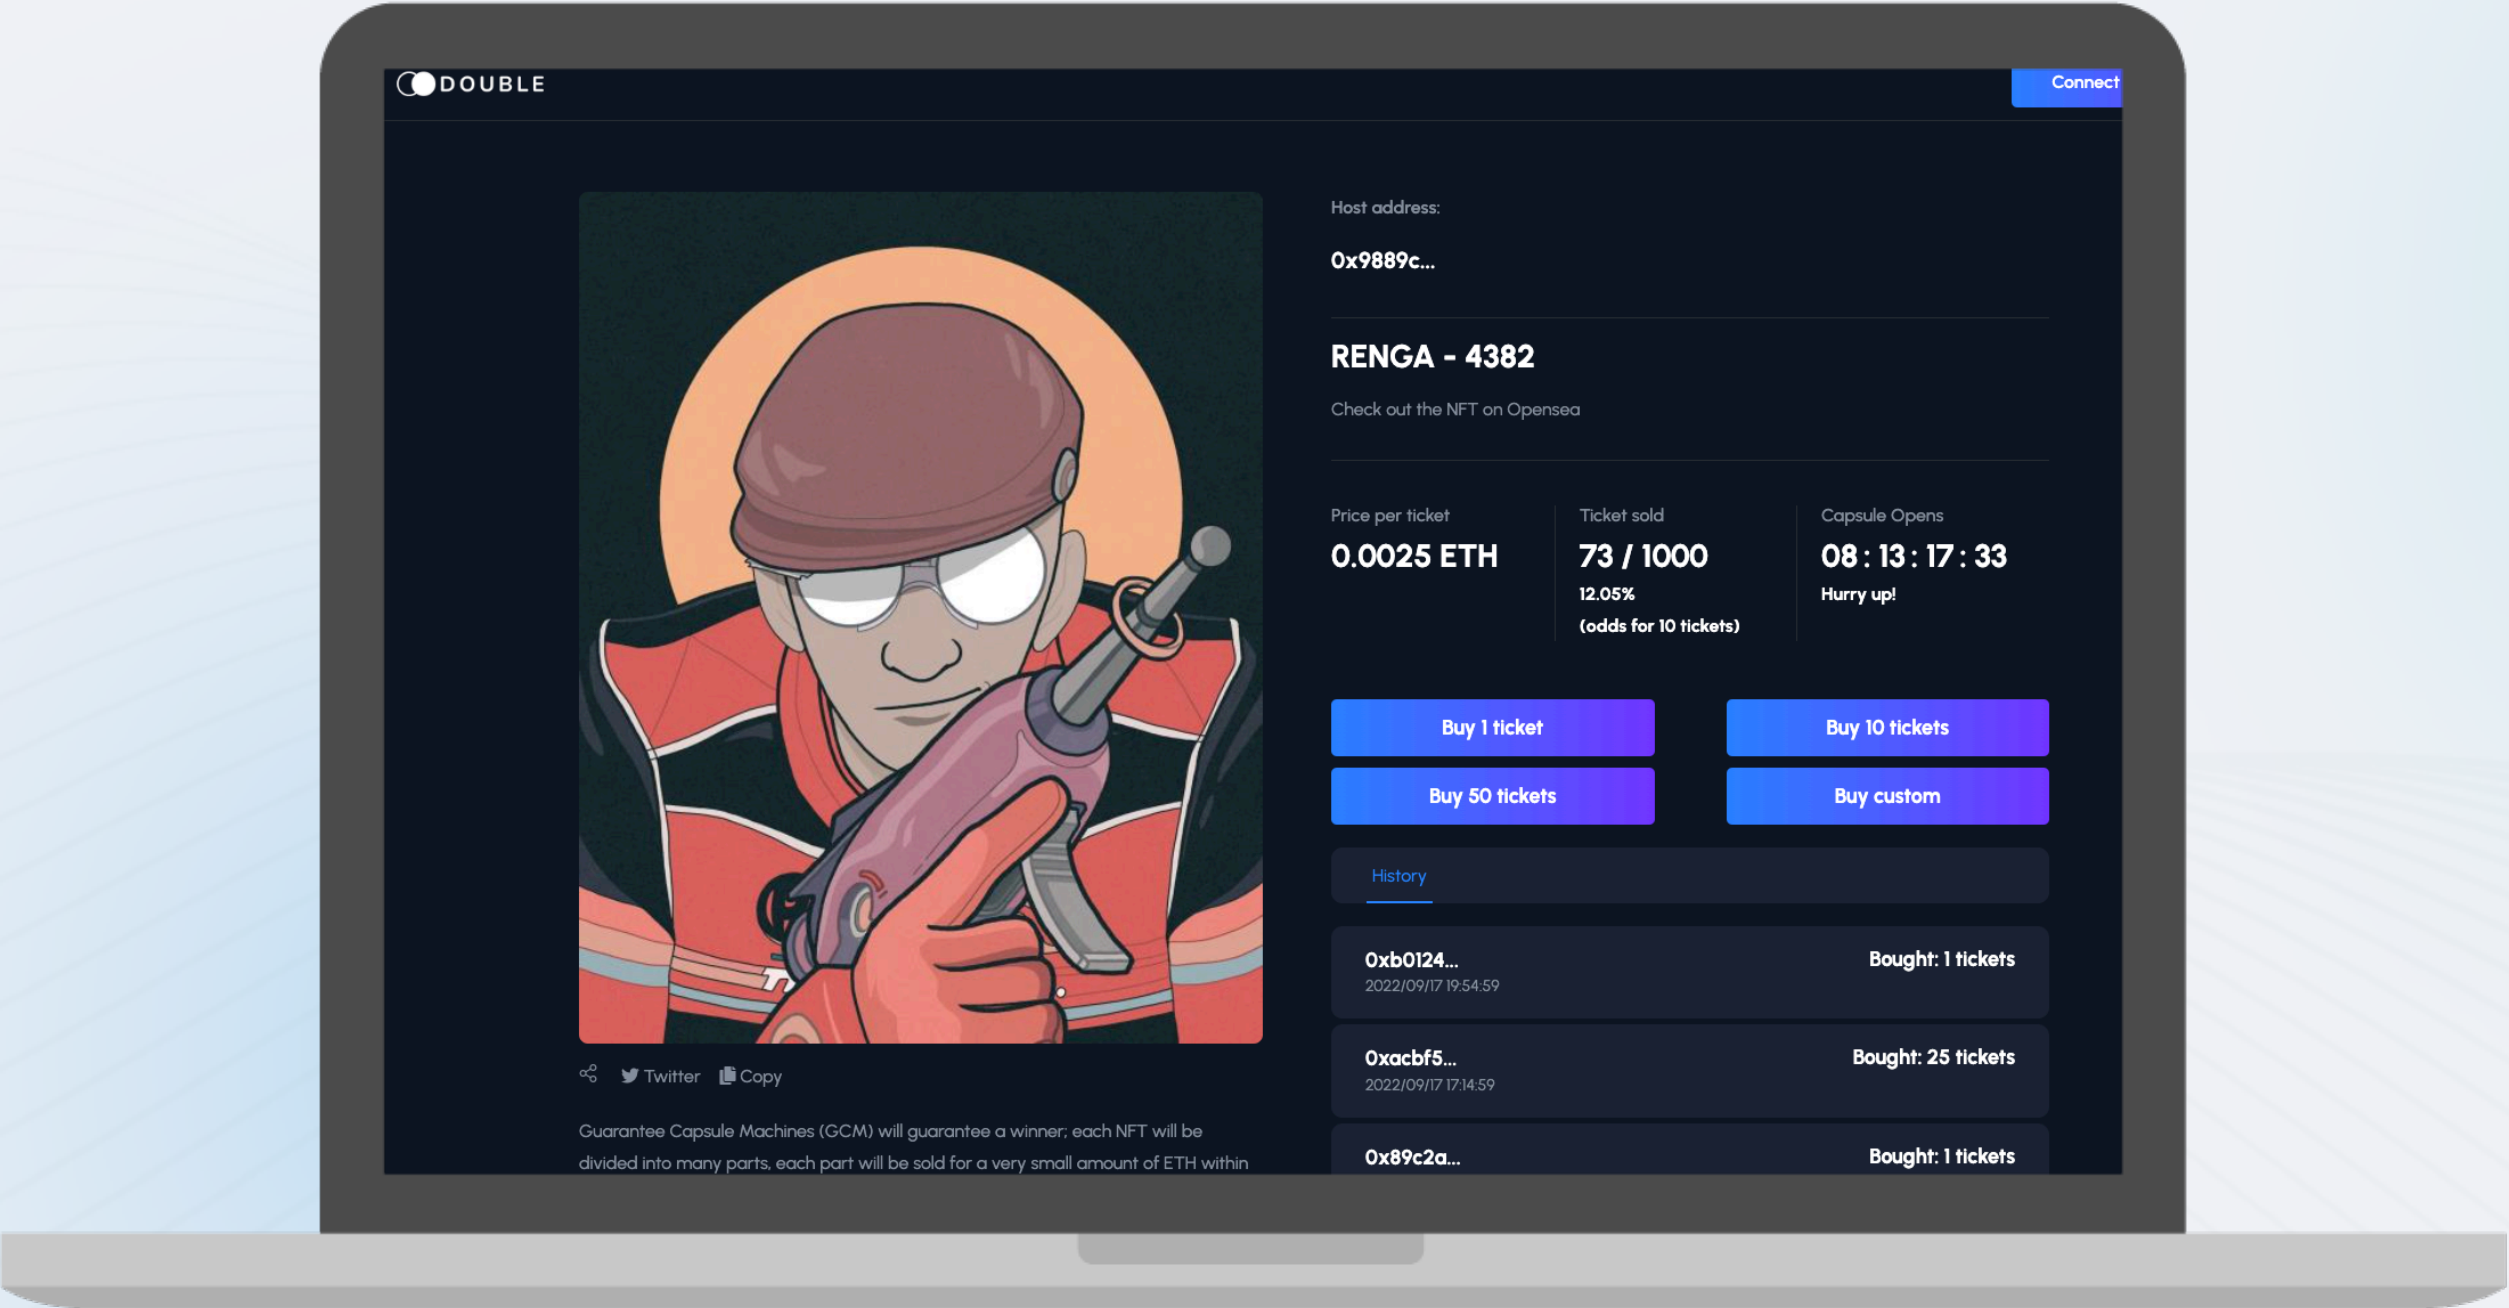

## Increase accessibility of projects

This allows average collectors to have a chance to get involved into any project

## Regular campaign content

# Example - member from nudebird parliament

Our oddities capsule machine for a moon bird parliament

was a great success, we sold **887** tickets and seller

received **48%** more ETH the floor price

 **All-in-ETH** @half\_collector · Sep 16  
Excited to know who wins my @oddities\_xyz @moonbirds

I sold my oddities for 1.774ETH, 47.83% more than floor. Thanks to @DoubleWeb3

Yes, a winner will be selected soon!!!!!!  
The next capsule machine is coming.  
[Show this thread](#)

The screenshot shows the DoubleWeb3 Oddities interface. On the left is a pixel art image of a bird. On the right, the title is "Moonbirds Oddities - 3598". Below the title, it says "Check out the NFT on OpenSea". The interface displays the following information:

Price per ticket	Tickets sold	Capsule opens
0.002 ETH	887 / 1000 1.1% (odds for 10 tickets)	00:00:00:00 Hurry up!

Below this, there is a "Capsule Odds" section with a "History" tab. The history shows three entries:

Address	Bought
0x60495...	Bought: 50 tickets
0x60495...	Bought: 5 tickets
0x60495...	Bought: 50 tickets

# What we can do

## 1. Community owned Capsule Machine

Sell some of your project's NFT and all profit will go back to your project vault. We will cover the cost of using our machine (2.5% commission will be waived)

## 2. Allowing your NFT holders to host a Capsule Machine

Currently, only owners of our NFT pass can host a Capsule Machine, but we can allow the holders of your project to host a Capsule Machine too

## 3. Airdropping Capsule Machine tickets

We can also do a simple airdrop of Capsule Machine tickets to your community members
